Essentials

Practical information
about Abu Dhabi

Abu Dhabi

Essential information

Geographically bordering both Saudi Arabia and Oman, the capital of the United Arab Emirates, Abu Dhabi, has increasingly become a preferred destination for visiting superyachts. It's year-round sunshine, clear blue skies, tranquil beaches, vibrant city life and cosmopolitan culture come together to create an ultimate destination offering remarkable experiences.

CLOTHING

Summer clothing may be worn for most of the year, but the temperature can drop during the winter. At the pool or on the private beaches, appropriate swimwear is acceptable, but when in the city and public areas, care should be taken not to offend others by wearing clothing that may be considered revealing.

TIME ZONE

Abu Dhabi operates on Gulf Standard Time (GST), which is GMT +4. There is no daylight saving.

PHOTOGRAPHY

There are many great opportunities to take photographs in Abu Dhabi, however, we do recommend you consider asking for permission before any photography, especially when people are involved.

LANGUAGE

The national language is Arabic but English is widely used. However, Abu Dhabi is home to many different nationalities with an array of languages spoken.

DRIVING

Cars are left-handed drive and proceed on the right side of the road as they do in Europe.

(Note that international driving permits and overseas driving license are not valid in private cars in the UAE).

CLIMATE

It's sunny in Abu Dhabi for most of the year and the winter months December to March are pleasant, with short spells of rainfall. It is important to keep well hydrated and protected in the sun at all times.

CURRENCY

The UAE Dirham is the official currency (abbreviated as AED or DHS). You are likely to get preferable currency exchange rates at banks and private financial institutions rather than at hotels. Visa and Mastercard credit cards are more widely accepted than AMEX or Diner's Club.

DRINKING WATER

Tap water is considered safe to drink, however it is common to drink bottled water as these are the procedures for service in hotels and restaurants.

MEDICAL CARE

Medical services in Abu Dhabi are of an international standard and are widely available.

BANKS

Many international banks are represented by branches in Abu Dhabi. Bank hours are subject to the location and branch. Opening hours are usually 8:00 am to 3:00 pm and as late as 9:00 pm in some malls.

ELECTRICITY

The electricity supply in Abu Dhabi is 220/240 volts at 50 cycles. U.S. or European made appliances may require a transformer and an adaptor.

How to get around Abu Dhabi

Abu Dhabi Taxis

Flashes of silver and yellow at every turn, Abu Dhabi's fleet of taxis keep the city moving

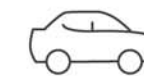

Public buses

An incredibly inexpensive way to traverse the city, as well as the wider emirate – just use the Hafilat Smart Card.

On the water

What better way to admire the cityscape than from the water? Jalboot offers a range of boat tours, cruises and excursions, tailored to your needs.

On-demand services

Ride-hailing apps like Uber and Careem are available in Abu Dhabi, 24 hours a day, 7 days a week

Pedal power

Explore, exercise and have a bit of fun with find-and-hire bikes. The Careem Bike app will allow you to unlock two-wheeled transport across Abu Dhabi.

Self-guided walking

Truly set your own pace with guided audio tours from VoiceMap – your very own personal tour guide in your pocket. You can even download the tour and explore offline.

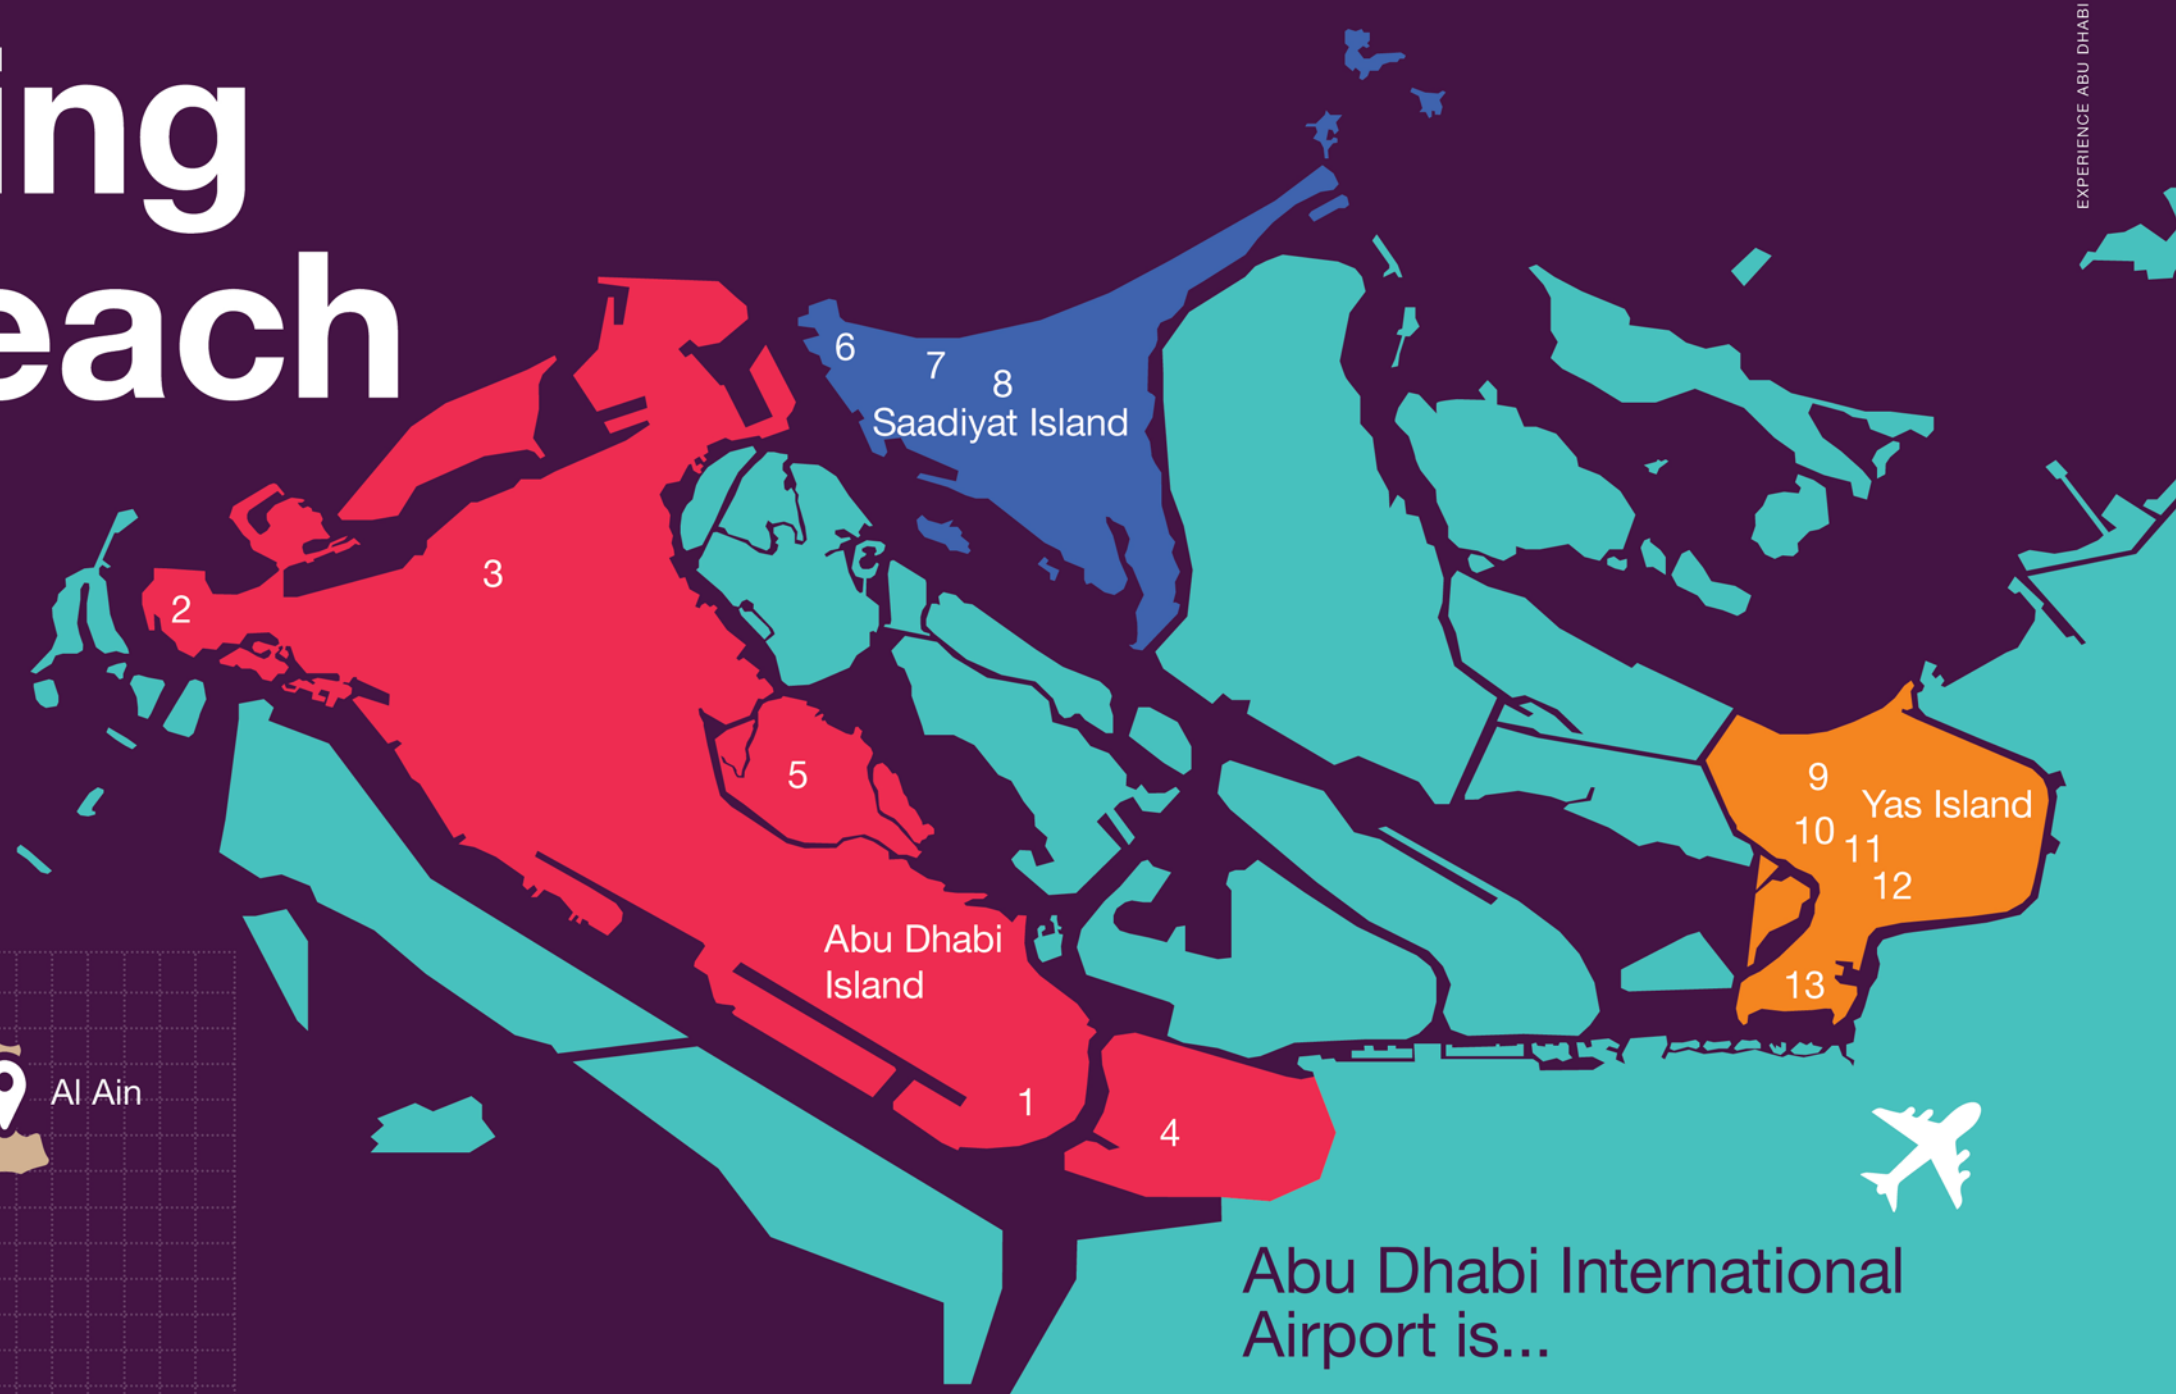

Planning the journey

You can curate your journey using DARB, the official public transport platform – or simply use any popular navigation map to find the best routes and travel times.

Everything within reach

Discover a variety of memorable and enriching experiences – all just minutes apart and available throughout the year.

DUNES AND DESERTS

THE EMPTY QUARTER

The world's largest uninterrupted sand mass, the Rub Al Khali (Empty Quarter) will blow you away with massive expanses of awesome desert and enormous dunes. It's a landscape of ever-changing endless dunes made famous by the British explorer Wilfred Thesiger and his Emirati and Omani companions in the 1940s and 50s.

Almost a fairytale from '1001 nights', the magnificent Qasr Al Sarab or Mirage Palace is a luxurious oasis in the midst of the desert. Resembling an old Arabian fortress town nestled in the valley of mountainous dunes, this is actually a five-star resort letting you experience lots of desert activities – dawn dune walks, camel trekking, dune bashing, falconry shows and camp fire barbecues.

Perched at the edge of the majestic Rub Al Khali, Tilal Al Liwa is a stunningly secluded desert hideaway. There are restaurants, a sparkling outdoor pool, and a full range of desert activities.

Considered by many to be the world's tallest sand dune, Tel Moreeb is over 300 metres high and the 50 degree incline to the top makes it a prime destination for motor sports enthusiasts. Every winter, the region's most powerful four wheel drivers and quad bikers compete in the Moreeb Hill Climb event, which is part of the Liwa International Festival.
